Lodge Leadership Development (Matthew Rouleau)

Hi everyone, I know it is a little bit early but get prepared to start hearing some things regarding the LLD in December. This year we also have three separate National Youth Leadership Training (NYLT) Leadership trainings coming up; one week long course in June, another week long course in August and a 3 weekend long course in October. If you know anyone who would like to grow their leadership skills please recommend them towards LLD or NYLT as both of these trainings are amazing! Finally, a cool project that the LLD and Ceremonies Committee's have been putting together is a ceremonies and AIA workshop at SS2! This will be a time where any arrowmen can come and ask questions regarding ceremonies and the AIA side of the OA. We will be sending an interest form out in the near future.

Lodge Operations (Sophia Carroll)

Award nominations are open! If you know someone who has gone above and beyond please go to the Unami Lodge website and fill out the nomination form.

Business

2024 Summer Inductions Weekend Budget (Mara Strauss)

If you did not know this year the Inductions Weekend will be open to everyone! We made this budget with the expectation that at least 225 people will sign up. Everything is basically the same as every other weekend budget. We speed the food price to $6,493.75 and lowered the printing cost to $55. Ordeal and Brotherhood pricing is all the same. The EMAT gift card is now a real thing, so we do not have to give them a weekend price discount anymore. The expenses all totals up to $9,750.00 with a total income being $9,750.00.

Second motion - Motion: Mara Strauss - I would like to make a motion to approve the 2024 Summer Inductions Weekend Budget. Seconded by: Martin Stacey PASSED

Brenner Lodge Flap Approval (Terence "T.K." Lindsay)

At any scout camp you have gone to, or will go to in the future, it's hard not to notice the silent reminders of the scouters who came before us. Their names etched on dining halls, cabins, and health lodges that have now been weathered by time. Oftentimes, these names belong to dedicated scouters whose contributions have faded into obscurity. Today, we have the opportunity to change that narrative. With this proposed patch design, we have the chance to immortalize the name of Chris Brenner, a man whose commitment to scouting is not just a seasonal job, but a shining example of what it means to live the scout oath and law in our daily lives.

Chris Brenner's legacy as a camp director and scouter resonates deeply. Not just within our own council, but within the scouting community as a whole. His unwavering dedication, passion, and profound impact on the lives of scouts of all ages are a testament to his enduring influence. I've had the honor of working alongside Chris during several summer camp seasons at Resica Falls and I can confidently say, out of all of the scout camps I have been to, there is no better camp director than him. By rallying behind this initiative, we not only pay homage to Chris Brenner's contributions, but also invest in the future of scouting. The establishment of Brenner Lodge will serve as a beacon of camaraderie and learning. We will ensure that scouts for generations to come will benefit from his legacy. Let's seize this opportunity to ensure that Chris Brenner's name will never be forgotten.

This patch will be embroidered and will come with a matching CSP that has already been designed and approved. The gold bordered set will be sold together, the silver bordered set will be sold together and the white bordered set will be sold separately. Gold will be the rarest and most expensive, silver the second and white the least. These patches are not being funded at all by the Lodge, all of the funds to produce will be coming from the Brenner Lodge fund and the proceeds from these patches will be directed back into the Brenner Lodge fund.

Third motion - Motion: Terence Linsday - I would like to make a motion to approve the use of the Unami Lodge turtle of the Brenner Lodge flap. Seconded by: Zach Gilinger PASSED

Spring Service 1 Budget Actual (Mara Strauss)
So there were 258 people in attendance at SS1. We paid for 300 event patches. We purchased an Amazon order for $117.90 and printing costed $70. Food lets go… we just went a little over budget by a lot. Our budget was around $6,700 and our actual was $9,731.54. We had 92 Ordeals, 8 EMATS and 37 Brotherhoods. Our total expenses were $14,705.72 which leaves a balance of -$3,246.02. Regarding future budgeting we will look into raising the prices of weekends to cover the increase in price of food.

(With some mix ups and confusion regarding registration for SS1, the new total income comes out to be $12,363.)

Historic Trails Project Feedback (Aidan Sutkowski)
This is not a proposal, we are just looking for feedback. The History Committee is looking to make a historic trail at Musser, specifically Camp Hart. The trails are seen on the papers handed out to you all. We will be putting together a packet filled with information and a clear map that people can use to navigate. We are looking to also make a patch to go along with these trails for those who complete the trail, if they would like to purchase it. The yellow trails is supposed to take around 20 minutes to hike but with the little excursions we added it is going to take longer than that. The extensions, which add flexibility, will also add some time. We wish to have this trail system approved by national so it seems more official to the public so they are more likely to hike it. To get certified though we will need to fix a few things like: maintain the trail regularly (2-4 times a year to a full clear out), change the route of the trail so it doesn't go through campsites, and get it rechecked every 5 years. We might be able to put together a service team that regularly goes out to Musser to clear out the trail, and we are also thinking about having troops adopt portions of the trail to care for. With a portion of the trail going up to the ceremonial grounds, that may exclude people with disabilities as that trail is really steep and dangerous. This trail system will also need to be approved by the Council's Camping and Properties Committee. Finally, make sure that these trails, especially the objects/historic sites, are timeless so that as time goes on people can hike the trail and still be able to make sense of what they are reading or supposed to be looking for.

Anything for the good of the Lodge:
Zach Kline - Alright so on the behalf of the Vigil Committee we are calling the Vigil selections at SS2. If you would like to come out and see who is being awarded the Vigil, come out and see for yourself at SS2.

Star McMackin - We still be EMATs! If you know anyone who is interested in helping out please have them email Myself or Jaclyn.

Leah Callahan - Sign up for SS2!

Noah Goldberg - This is from will gabel; there will be an AIA event/practice on may 25 at his aunt's house, the address and more information will be put in Slack.

Skye Kramer - sign up for Conclave at Camp NoBeBoSco June 7-9. Tell your units and friends to sign up today!

Sophia Carroll - Award nominations are open!

Paul Dallatore - Reminder about unit election. We are about 50% complete, we still have time to schedule them so get out there and get them done!

Rhys Wallace - Me and Mr. Comfort are in a magazine! My page is basically just an ad about Scouting. I'll post it on Slack for you all to look at.

Bob Deck - There are roughly 10 days to sign up for SS2. As of right now we only have 99 people signed up for SS2. Let's get some more people signed up!

Marina Darcas - I still need people to run the Summer KickOff event. Anyone can be staff! Committee chairs or representatives please come out and showcase your committee as it's a great time to recruit new members.

Lodge Staff Advisor Minute: John Bickel
Thank you all so much for approving the Brenner Lodge flap design. This is an amazing branding opportunity. Secondly, I would like to see everyone in this room up as Resica Falls in May for SS2. I would also like to thank each and everyone one of you again for your help at SS1 for all of your help setting up Musser for summer camp! Finally, summer camp; go to summer camp in your units! It is an amazing experience to make friends and grow character. Bring your friends and grow the scouting movement.

Lodge Adviser Minute: Craig Cless
Thank you all for your help at SS1. I know I missed it, but one thing I did get to see was the totality of the solar eclipse. When the sun disappears it becomes quiet, and that gave me time to think. During that time Lake Erie went flat, which if you do not know the Great Lakes never go flat, but this one time Lake Erie did. This time of calmness helped me think about the future. You all see, learned about, and lived through change. Whether that being graduation, or just living through life. You are prepared to change, and that is why I challenge you to face and embrace change instead of being scared of it.

Chief Minute: Terence "T.K." Linday
Members of Unami Lodge One,
Today, I invite us all to reflect on a profound truth that touches every one of us, not just as scouts but as human beings. It is essential that when we encounter the missteps and challenges of others, we respond not with mockery but with understanding and empathy. Picture a staircase, with your ultimate goal in life awaiting at the top. Each of us is on that same staircase, striving toward that shared pinnacle. While all goals may be different, we all agree that achieving them is an uphill battle.

While we're on that climb to the top, when you see someone stumble or fall, don't laugh. Learn. Each of us is on our own journey upwards, and the very things that cause others to falter could just as easily challenge us. Remember, temptations and weaknesses are universal; none of us are free from them. In recognizing this, we realize that laughter at another's expense doesn't just harm them—it opens us to our own potential downfalls.

To laugh and not learn, to mock rather than understand, is to potentially repeat the same errors. Every moment of failure is a mirror, reflecting back lessons that could one day serve us. By choosing empathy over ridicule, we strengthen not only our individual character but also the bonds of our brotherhood.

Let us use our LECs, weekends, and other events to uplift one another. To foster a community where every member feels supported and valued, even in their most challenging moments. Let our Cheerfulness be a source of encouragement Let our Brotherhood be a network of mutual support, and let our Service be a testament to our commitment to each other's growth and well-being

In closing, as we strive to embody the highest ideals of the Order of the Arrow, let us always remember the power of understanding over judgment, of learning over mockery. By doing so, we not only safeguard our own paths but also enhance the journey for all.
