Reports

Events (Mara Strauss)
Thank you to everyone who made the weekend happen. Thank you for all doing your part for the massive weekend. The weather held us back but the spirits were high. We have a post weekend survey coming out and we would like to have everyone fill it out to help improve the weekends.

Business

Constellation Patch (Aidan Sutkowski)
I would like to order more patches. Increase 100. Patch cost has risen from $1 to $3. Sold for $6 rather than $5. The patch doesn't need to be approved. We just have 15 left so we need to purchase 100 more. This will come out of the lodge budget because it's a lodge property. Aidan Sutkowski- I would like to make a motion to increase the patch production to 100 more patches. Seconded by Matt Rouleau PASSED

AIA/Ceremonies Design (Noah Goldberg)
So the ceremony gang wanted some new merch since they hadn't had any since I have been chair. Getting the totem and name approved. The principal, drummer, dancer will be underneath the totem. On a jacket. This is self funding. Make letters taller to stand out from a distance. Maybe a larger font size.
Noah Goldberg- I would like a motion to be able to use a lodge totem as well as the lodge name involved in the design with the added change of making the letters bigger. Seconded by Zach Gilinger PASSED

Rules and Procedures Changes (Paul Siminuk)
I was looking through the lodge appendix accounts and I noticed that there was a bit of repetition and it was hard to read. So I attempted to change the paragraph to make it sound better. The paragraph reads "The OA High Adventure account serves as a savings account for national OA High Adventure programs. These programs include OA Canadian Odyssey, OA Wilderness Voyage, OA Ocean Adventure, OA Summit Experience, and OA Trail Crew. This account is used to provide scholarships to members of the lodge participating in these programs. Income is transferred annually from the General Fund to this account to help offset expenses and provide financial assistance if needed. Funds from this account can be dispensed

as necessary by the lodge chief, adviser, and staff adviser." It now reads "This account serves as a savings account for the National OA High Adventure Programs. This account will be used to provide scholarships to members in good standing of the lodge, to participate in any OA High Adventure programs. Income is transferred annually from the General Fund to this account to help offset expenses and provide financial assistance if needed. Funds from this account can be dispensed as necessary by the lodge chief, adviser, and staff adviser." Few reasons, As it currently stands the description comes off as cluttered and can be simplified as well as future proofed by: Removing the line listing each program, Removing the double reference to OAHA in the first line, Specifies it can be used for any OAHA program ensures that if changes are made to OAHA programs as they stand, multiple rule changes are not necessary for the future.

The second change is under Appendix E as well. What we are looking for now is removing NE-5 and will now just be the Section Account rather than Section NE-5 account. OA Section ~~NE-5~~ Account. The reason is because This one is pretty simple, we are no longer within section NE-5, rather section E17. We are unsure of how long these section divisions may last, so simplifying the account name to just "OA Section Account" ensures that each time the section changes, a rule change is not necessary to update this. It would also reflect the official account name that is currently being used.

Paul Siminuk- I would like to make a motion to approve the rules change to appendix E under the OA high adventure account and The section Account. Seconded Will Gabel PASSED

Thorn and Roses (Everyone)
SS1 want really well, what went bad
NOT WEATHER related
Look at the attached document!

Anything for the good of the Lodge:

Aidan Sutkowski- the history committee has mugs here for free. Take them PLEASE.

Noah Goldberg- I had my eagle court a couple of weeks ago. One was out of the state, and one was out of the country. I would like to give my mentor pins to Liam and Mr. Cless. There's a bunch of reasons. I've known liam for 4 years. Mr. Cless for 10 years.

Rob Raggi- Have you considered a discounted rate for EMATs? To make it an incentive. In the years that he did his ordeal, the emats were free. It can be discussed thoroughly. Years, where they got trading post gift cards. The biggest incentive was the Emat dangle.

Mara Strauss- Did we give a 10 dollar back to the Emats. It was approved in minutes. It should be advertised.

Fred Lynch- I want to try and get youth to have, seasoned/ very seasoned scouters. We need to think about doing a mailing for scouters who request it rather than an email/social media.

Phil Hittner- On behalf of the 30 or so former camp staff members who attended the mini-reunion at Spring Service #1, we would like to thank the Lodge Officers, Lodge Executive Committee, Spring Service Committee, their Advisers - and everyone else who had a hand in making this a success!!! Special thanks to Fred Lynch and Larry Arinsberg for coordinating this! We know that there were a lot of logistical issues that needed to be considered, overlapping this with the Spring Service and also having a troop in camp – and we appreciate all those efforts! A good time was had by all! HOW!! HOW!! HOW!! Phil Hittner

Zarrina Damavandi- I would emat again if I knew about the dangle. But the $10 incentive is cool.

Jason Abiuso- Vigil nominations close in 5 days. So if you know an arrowmen that doesn't have a vigil. We would like to see some more nominations submitted. If you think someone is deserving of attaining Vigil, please nominate them! Talk to people in your chapter, troop, and anyone you know in the Lodge. Chapter Chiefs need to tell who is coming to the nomination meeting, let me know! May 6th, Sat at 9. Breakfast and Lunch is provided. I would like to wish a happy birthday to Washington chapter chief "Star".

Matt Gutterman- Chapter chiefs, what would. Increase attendance. On the lodge website, send comms the info on where it is and when it is. So the 100 ordeals who got their ordeals this past weekend will get the updated information.

Liam Lynch- There is a huge event coming up called NOAC, and starting next LEC, we will have an ad hoc committee. The chair is Will Beardsley and the adviser is Matt Gutterman.

Lodge Staff Advisor Minute: John Bickel
The energy at the weekend was phenomenal. When we threw in the alumni event we had around 300 people. The whole thing was absolutely funanamal. Let's leave this meeting realizing that this is great. If you like to swim, we would like your help as a Lifeguard at Resica. We are looking for people to be people at Resica and Musser. Please sign up and staff. Big congrats to Wayne Bickford for silver beaver and Anton Meyer for being the MC.

Lodge Adviser Minute: Craig Cless
This weekend was phenomenal. I liked everything except for the flat tire. We need to continue to communicate. We had some drops that happened before the weekend. We need to know that if you need help, reach out to advisers. We don't want to wait till the last minute. Don't be afraid if you can't make it. We would like you to reach out. We only have a few weeks till the next one. The other thing is that I'm very excited to make sure that we reach out to our new members, so if you have ideas, reach out to comms/events committees. Keep welcoming people so we see the 100 new ordeals come back out to other weekends.

Chief Minute: Liam Lynch

Few announcements from the COC. Operation Arrow needs more staff. If you want more info, I'll get you in contact with Section chief, Mike Fowler. It is cheaper than going to a jamboree with the council. There is a major event called Conclave. I am sad to report that we are not in first place for conclave. We are currently the largest lodge in. We are currently at 15 members and the largest members. We will go crazier, for an incentive for the lodge officers and advisers. The camp is small, but we want Unami to have the largest number of members.

I was on tiktok early and I found an advertisement that read, ships don't sink because of the water around them, they start to sink when the water comes aboard. The same can be said about people. There is so much necessity that happens around us. But when we let it come into our lives, it will bring us down. So don't let others put their negativity on us. Lead a life of positivity. Use this in school, household, and general life.
