<u>Committee Reports:</u>

- AIA (Matt Horan)
    - Getting people involved with AIA, building costumes, dancing, drumming and singing. Matt Horan will be aging out soon, so he will need a replacement by the end of the year.
- Brotherhood (Brendan Bolte)
    - Nothing to report.
- Camp Promotions (Pat White)
    -
- Ceremonies (Austin Groeber)
    - Sweatshirt should be coming out next LEC. There will be a ceremonies call next week so that the committee can practice their lines. Getting ready for Summer Camp ceremonies, Fall Fellowship, and Conclave.
- Communications (Matt Luke)
    -
- **Conclave (Sean Plunkett)**
    - Conclave has been postponed to late August based on the potential for continued closures in both PA and NJ with no end date for such closures, as well as camp closures. Because of this, the CoC was unsure if Goose Pond would be able to be prepared for Conclave, so the dates have been pushed back to better account for that. The Section hopes that if any one can come to Conclave that they do, however, if participants can no longer attend, refunds are available.
- Events (Michaela Donnely)
    - In April the events committee was given the news that both of our Spring Service weekends had to be canceled due to covid-19. This left people in the lodge with questions dealing with refunds and transfers. So the events committee has made an Events Q&A doc and a Refund/ Transfer form to help people out with whatever they need and want to know during this confusing time.

- History (Rhys Wallace)
    - We changed our logo and flyers thanks to Gutterman. Our scanner came in and I was able to scan some old VFC "Delmonters". I made several new displays that cover Hart, Resica, and Unami. Thanks to Mike Comfort we are receiving some free display cases from the Masons. I also emailed all of the districts asking for their help in sharing our flyer and connecting us to those who would be interested in helping out. Lastly, the committee has completed a publication for Hart's 90th anniversary and is just waiting to publish it.
- LLD (Luke Clancy & Andrew Geer)
    -
- Lodge Operations (Terrence Lindsay)
    -
- **Membership (Anthony Glass)**
    - As of this morning we have had 893 people pay their dues for the Lodge year. We had a slight back up in sending out dues cards but they are in the process of being printed and will be mailed out soon. The membership committee had a phone call a few weeks ago to discuss an updated participation award which will be discussed later tonight. We also discussed beginning to plan a new members bash as well as possibly bringing back the Brotherhood Blitz.
- **NOAC (Anthony Glass)**
    - We have 43 people scheduled to attend NOAC 2020. We had a conference call last week to discuss updates and are finishing up our designs for delegate and trader flaps which we hope to get wrapped up soon. Due to the COVID-19 pandemic we were forced to cancel the Adult Trivia Night, but we are starting to put together plans for a virtual trivia night so more information to come on that. Registration is open for events so for those going please select the training you would like to attend. Other than that we are good, thanks everybody!
- Ordeal (PJ Weidman)
    - Reaching out to Andrew Geer to get a training for elangomat training.
- Service (Arron Liebel)
    -
- **Unit Elections (Brendan Flannigan)**
    - Elections need to be pushed out to the troops. 11 elections and 1 visit so far over this quarantine. Google form for elections coming out soon.
    - 43 elections have been recorded so far, Minquas and General Nash have been leaders (9 and 8 respectively), a couple Chapters still have zero elections, so just a reminder to push elections in Chapters and feel free to reach out to the Unit Elections committee. We are at 22% of our total elections at present.
    - Virtual elections are going as well as can be expected, virtual guide on how to do a virtual election was created by Will Beardsley, if troops are still meeting please push and trying to contact troops to arrange elections
- Unit Representative (Owen Boles)

-
- Vigil Honor (Michael Calliagas & Aidan Campbell)
  -

Business

- **Participation Award:**
        - Not looking for a motion this month, just feedback.
    - Would it be possible to raise the value of Unit Elections/Visitation from 10 to 15 points, which would incentivize it more?
    - Points are fairer than the previous idea. Having tiers might be interesting (bronze, silver, gold, etc.) because people can earn more than the 150 minimum
    - Reward points based on how many meetings you attend rather than simply attend six or nothing (for LEC and Chapter Events).
    - The trainings are all 10 points except for the Section Leadership Day, which is five points due to the fact that the other training days are multiple days long.
    - For next year, would NOAC be replaced with another training/would the other trainings have the high values?
        - Next year is also national jamboree, which might be flexible with NOAC
    - How would points be tracked?
        - For many of the events, attendance is taken in Lodge Master. For the other events, the council/sections keeps records for the rest.
    - Would the Lodge monitor people's points, or would people self-track and apply for the award?
        - People would self-track for the most part, but would submit a form which would be cross checked by the committee
    - Should community service day be raised to 15 points from 10, as that's also a Lodge Event, which might be able to serve as a replacement for someone who wasn't able to go to the Lodge Dinner? Also would incentivize people to go to Community Service Day.
    - Volunteering with the OA program at summer camp might be something to add to the engagement, given that Resica Falls Staff is an option for engagement?
    - The points might be off-skew and need to be adjusted a little bit. For example, NOAC is a large commitment, and might be worth raising the point value.
- **Continental Patch:**
        - Looking for feedback, approval next month
    - Planning to use the money from the Chapter funds to make around 400 patches, the profits of which would be going to the Lodge funds.
    - The patches might also be given to new ordeals at Chapter meetings as incentive to go to Chapter meetings
    - Should there be a turtle on the design?
    - The design is drawn from the Continental District patch, but with designation of OA involvement.
- **Lodge Face Masks:**

        - Motion: Approve the making of 100 Unami Lodge Novelty Face Masks (passes)
    - Looking to get 100 initially, fifty of them will be white, fifty of them will be black
    - 30 day turn around from order to receival of shipping
    - Might not be the most economical decision, given that cheaper ones can be purchased for significantly cheaper by those who need it
    - Would it be possible to take the money that was going to go to the masks and instead donate it to hospitals?
    - If we ordered more would it cost less?
        - Not unless we ordered 288
    - It seems a little bit uppity to order face masks when they are in such shortage.
    - If we put these on the square store, other people might also buy them, so we would make money on the investment
        - Also, face masks are streetwear and can be worn as fashion, just like Rhys' BTS face masks.
- **Washington Chapter Patch:**
        - Motion: Allow the Lodge to put the money towards paying for 100 patches, with the expectation that the Chapter will pay the Lodge back
    - The Washington Monument is used by other lodges, and since we actively communicate on a virtual space, it might be worth trying to change it up a little bit
    - Since there is no definite cost for anything currently, it might be better to wait until the numbers are more definite before requesting money from the Lodge
    - Also, if planning on using and Rockwell paintings, make sure to check on any copyright
        - Approve the design and production of 100 of Washington Chapter Patches, borrowing money from the Lodge to then pay them back through sales later
- **Virtual Fellowship Ideas:**
    - A Lodge Trivia Night, which might take place in place of the cancelled Spring Service 2
        - The virtual camporee is the same day as SS2, but is over at 4:00 and shouldn't interfere
    - A Lodge Talent Show, where people would submit videos of them doing a secret talent, to be compiled into a larger video
    - Having a "Virtual Day/Weekend" where a couple activities would take place over a day or a weekend and people can participate as they saw fit
        - At the end, we could have a general members meeting, as we haven't had one yet in March/May
    - Some kind of gaming event where anyone can come
        - Jackbox game night can be played over Zoom
        - Minecraft Survival Games could be fun

Anything for the good of the Lodge:

- Article 4, Sec. 5, Clause B: Nominations for Lodge Office will open at SS2 and close the LEC before elections are held
    - At the virtual weekend, during the general members meeting, nominations can open then
    - The Supreme Chief of the Fire can overrule the existing part of the Rules and Procedures that prevents this from happening
- Anyone elected from February through July is eligible for 24 months of eligibility for Ordeal
- The camping requirements have not been changed for Ordeal eligibility, nor does the Lodge have the capacity to change them
- Just a general reminder to be safe, careful, smart, and good from Mike Comfort
- The history committee is looking at moving towards creating a podcast for the presentation of Lodge history, which would be used as a means to further broadcast stories and Lodge history. If anyone is interested, let Rhys know

Staff Adviser Minute: John Bickel

- Great to see all the participation tonight
- Glad to see everyone staying active on virtual channels
- Thursday is the fireside chat, and friday is a virtual campfire; Council is looking for talent for the campfires
- May 15 and 16 will be the Council's virtual camporee
- Keep participating on virtual programs
- There is a lot of uncertainty right now, so stay hopeful and stay vigilant. We are scouts first, so remember to stay kind and aware of the difficult decisions that are being made.

Lodge Adviser Minute: Dennis Abernethy

- We are members of the Lodge, so we are planning, and we come out of this quarantine, we have to be ready to support our camps and our council
- If we are allowed and able, we MUST make ourselves present at camps so we can be ready for summer camp
- We have to be ready and continue to work towards the program launch at the end of this month

Chief Minute: Luke Cihak

- Everything is running very smoothly, so thank you all for that
- We are still getting things done; approving patches, virtual fellowship, etc.
- We will have our events when we are ready to have them and it is safe
- We will work to keep everyone updated
