  - The second half of the day tried to focus on newer members and returning members. Returning members answered new-members' questions, and discussed the LLD. There was a really successful live Cedar Log, which went super well. The cracker barrel at the end of the day was a nice wrap up. About 20-30 members showed up on the whole.
- History (Kyle Rothbell)

- **LLD (Luke Clancy & Andrew Geer)**
    - The LLD is coming up soon! December 5th! It is entirely virtual, and y'all can sign up by Thanksgiving day. If you register, you get some fun goodies and can attend the training on the 5th. We can expect to see some cool guests, such as Derek Porter (Section Chief of NE-5)

Business

- **Hart Ceremonial Grounds:**
    - Austin Groeber has begun to put together a group to revitalize the Hart Ceremonial grounds, and has created a four-stage plan to improve and redo the grounds.
        - Stage 1: Surveyed grounds; saw what needed to be replaced, and what additions were needed; came up with estimated material costs
            - The trails and Scout Law signs need some major TLC
            - Overall estimated cost of about $10,000 (the majority of which will be spent on wood, general maintenance fund, and the opening ceremony)
                - Fundraising ideas:
                    - Not asking the Lodge for money, but donations will be solicited
                    - Donated money will be donated to the project, but the money needs to be held by the Lodge. The project needs to be approved by the LEC, given that the project is inherently part of the Lodge
                - Possible creation of a backpatch to sell, which would be used to fund the project
                - Jerry Reed, according to Ron Pleis, has pledged $10,000 towards the successful completion of the project.
            - Design includes several rows of benches, a drum circle, AVA platform (necessitates some access road maintenance)

        - Stage 2: Execute fundraising for project through donations and patch sale; raise most, if not all, funds needed to complete the project
            - Communication with donors will be essential, and will entail both emails and physical letters
        - Stage 3: Demo will likely start a week or so before SS1; construction will begin during or following SS1; service weekends will be held throughout the spring and summer
        - Stage 4: Once construction is completed, the first ceremony will be held; brotherhood fire may be held in conjunction with Fall Fellowship to thank those who donated
    - General Questions and Comments:
        - In the event where the donation target is not met, the Lodge will be able to cover the remainder. In the event where the donation target is exceeded, the excess will be put into the Special Projects fund.
        - The fire pits will not be moved, despite what the diagram indicates
        - Despite it not being directly stated in the plan, the podium will be refurbished, as will the fire pits
    - Motion: Create a separate account for the Ceremonial Grounds project funds, and approve the Ceremonial Grounds Project.
- Adjustment
    - Motion: Switch the Fall Fellowship date and location to Musser Scout Reservation on October 1st to the 3rd.
