Reports

Conclave (Skye Kramer) - Two weeks ago, we took 56 brothers to Puerto Rico for 5 days for our annual section E17 conclave this year hosted by Yokahu Lodge. Throughout our first 3 days on the island, we had the opportunity to explore the island, ranging from historic city tours, breathtaking views, and the beach of Aquadilla. Then we got to endure the traditional conclave programs. Whether it be shows, training or activities, there was something for everyone to enjoy. Next year, conclave will be back in June hosted by Na Tsi Hi at Forestburg Scout Reservation. Thank you to all who joined us in Puerto Rico or have purchased one of our fundraisers, we couldn't have done it without you.

Lodge Staff Advisor Minute: John Bickel

Some real quick thank yous. Huge thanks to those who were one campstaff whether you were a first year staff or a seasoned staff thank you. As an outsider adult, from my perspective summer camp looked very cool. I believe we sent 8 youths to Philmont about a month ago and the lodge went to Puerto Rico for the excursions. There were many great opportunities this summer for all of you. For me as a kid scouting was a cool and awesome way to spend my summers. Thanks to the adults and the youth who made all of it possible.

As we head into the fall we will be finding ways to promote the fall activities in the council. How can we engage the lodge with the things that we do in the council? We will be meeting with the Camp Promo Committee to discuss this more. Thank you all.

Lodge Adviser Minute: Todge Sutkowski

So I had the great honor of representing our lodge at NCOC and it was definitely a reflective time. I realized the different customs and traditions, how we might not be welcoming in certain ways. How many people have actually read the story Treasure island? Remember it was a pirate theme for summer camp.

Robert Louis Stevenson, the famous author of Treasure Island and the Strange Case of Dr. Jekyll and Mr. Hyde, suffered throughout his short life from respiratory illness and he spent many years looking for a climate that would cure him. He died of tuberculosis at the age of fourty-four and is buried in Samoa. In spite of his considerable suffering, he had twelve positive attitude tips that he is attributed with that he sought to live by. I would like to share them with each of you. They are still incredibly good rules to live by. Think about how they relate to the twelve rules we seek to live by in Scouting.

1. Make up your mind to be happy; learn to find pleasure in simple things.
2. Make the best of your circumstances. Everyone has problems. The trick is to make laughter outweigh the tears.
3. Don't take yourself too seriously. Don't think that somehow you should be protected from misfortunes that befall others.
4. You can't please everybody. Don't let criticism worry you
5. Don't let your neighbor set your standards. Be yourself
6. Do the things you enjoy doing, but stay out of debt.
7. Don't borrow trouble. Imaginary burdens are harder to bear than the actual ones.
8. Hate poisons the soul, so don't carry grudges. Avoid people who make you unhappy.
9. Have many interests. If you can't travel, read about new places.
10. Don't hold post mortems. Don't spend your life brooding over sorrows and mistakes.
11. Do what you can for those less fortunate than yourself.
12. Keep busy at something. A busy person never has time to be unhappy.

As each of you lives your life, remember his advice. Your attitude toward any given situation you encounter will almost always affect you far more than the situation. Attitude is everything in life. Thank you

Chief Minute: Martin Stacey

Brothers,

As you may have heard, I was recently elected to serve as the Section Vice Chief of Section E17. Everything I've learned and experienced here has prepared me for this step. But I want you to know our lodge is in good hands. We have strong leaders, dedicated Arrowmen, and a brotherhood that only grows stronger. My new role will not take away from my commitment to Unami, if anything, it makes me want to serve even higher. Let's stay engaged, step up when we are needed, and keep our lodge leading the way.

You cannot stay on the summit forever; you have to come down again. So why bother in the first place? Just this: What is above knows what is below, but what is below does not know what is

above. One climbs, one sees. One descends, one no longer sees, but one has seen. There is an art of conducting oneself in the lower regions by the memory of what one saw higher up. When one can no longer see, one can at least still know.

Thank you, everyone
